

KOTAK GILT FUND

An open ended debt scheme investing in government securities across maturity.
A relatively high interest rate risk and relatively low credit risk.

Investment Objective: The objective of the Plan is to generate risk-free returns through investments in sovereign securities issued by the Central Government and/or State Government(s) and/or any security unconditionally guaranteed by the Government of India, and/or reverse repos in such securities as and when permitted by RBI. A portion of the fund may be invested in Reverse repo, Triparty repo on Government securities or treasury bills and/or other similar instruments as may be notified to meet the day-to-day liquidity requirements of the Plan. To ensure total safety of Unitholders' funds, the Plan does not invest in any other securities such as shares, debentures or bonds issued by any other entity. The Fund will seek to underwrite issuance of Government Securities if and to the extent permitted by SEBI/RBI and subject to the prevailing rules and regulations specified in this respect and may also participate in their auction from time to time. Subject to the maximum amount permitted from time to time, the Plan may invest in securities abroad, in the manner allowed by SEBI/RBI in conformity with the guidelines, rules and regulations in this respect. There is no assurance that the investment objective of the Plan will be achieved. It is however emphasized, that investments under the Plan are made in Government Securities, where there is no risk of default of payment in principal or interest amount.

Product Label

This product is suitable for investors who are seeking*:

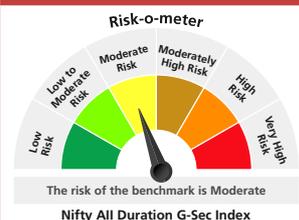

- Income over a long investment horizon
- Investment in sovereign securities issued by the Central and/or State Government(s) and/or reverse repos in such securities

* Investors should consult their financial advisors if in doubt about whether the product is suitable for them.

Fund

Benchmark

For latest Riskometer, investors may refer to an addendum issued or updated on website at www.kotakmf.com

Scheme Inception : - December 29, 1998. The returns are calculated by XIRR approach assuming investment of ₹10,000/- on the 1st working day of every month. Since Inception returns are assumed to be starting from the inception date of the Scheme and calculated accordingly. XIRR helps in calculating return on investments given an initial and final value and a series of cash inflows and outflows and taking the time of investment into consideration. **The SIP performance details provided herein are of Regular Plan - Growth Option** Different plans have different expense structure. # Benchmark; ^ Additional Benchmark. Alpha is difference of scheme return with benchmark return. *All payouts during the period have been reinvested in the units of the scheme at the then prevailing NAV.
